

BPA Bisphenol A and Phthalate Free
Stock Plastic Jars and Caps
www.parkwayjars.com

October 24, 2016

To whom it may concern,

All Parkway Products are DEHP, DINP, Phthalate Free and are FDA Approved. DEHP and DINP are phthalates that are normally added to PVC and other rubber products that require great flexibility. The resin manufacturers we purchase from do not use or add DEHP or DINP or any other phthalates to their materials.

Please see the following links with regards to our resin and color vendor suppliers compliance with regards to **REACH** (Registration, Evaluation, Authorization and Restriction of Chemical substances). and **RoHS** (Restriction of Hazardous Substances):

Stewardship Information Sheet as at 10/24/16:

Stock Resins:

<http://www.krdesign4u.com/MSDS/S11StockNaturalPolypropylene.pdf>
<http://www.krdesign4u.com/MSDS/S10StockClarifiedPolypropylene.pdf>
<http://www.krdesign4u.com/MSDS/U11StockGeneralPurposePolystyrene.PDF>

Stock Colorants:

<http://www.parkwayjars.com/colors/47195.JPG>
<https://www.parkwayjars.com/colors/00026%20Black%20PP.JPG>

Please be assured that our polypropylene and polystyrene plastic jars and caps are manufactured with these resins/colorants and therefore are REACH and ROHS compliant.

Please let me know if you have any questions.

Thank you,

Kirstin Rowan Kelly
Secretary Treasurer
